Schedule B

Delete the existing Group Home definition in 2.2(69) and replace with:

- (69) Group Home – Major means development consisting of the use of a building as a facility which is recognized, authorized, licensed or certified by a public authority as a social care facility intended to provide room and board for seven (7) or more residents live full time in the facility (excluding staff) including non-family disabled persons, or for persons with physical, mental, social or behavioral problems, of its residents either through self-help or professional care, guidance and supervision. The development shall be primary with the occupants living together as a single housekeeping group and using cooking facilities shared in common. A group home requires that at least one staff person is present at the facility at all times when at least one resident is within the facility. Typical uses include foster or boarding homes for children, family homes and long-term care facilities and do not include detoxification centres, rehabilitation facilities, psychiatric hospitals, or uses identified within the Child Care Facility definition.

Insert the following new definition and re-number the definition section (2.2) accordingly:

- (70) Guest Room: means a room utilized as a temporary living accommodation for overnight stays for a maximum period of time as outlined in an approved development permit.
- (81) Housing – guest suite: means an accessory building utilized for temporary living accommodations that does not have all of the requirements for a full dwelling units and requires use of communal facilities for every residential needs.
